SINCE

1997

***MAKING PERFECT QUALITY  
CREATING A BETTER LIFE***

We are committed to pursuing not just excellent product quality, but also infinite creativity. Just as our brand was first founded on a shared belief and trust, we continue to improve our skills and insights into the market as we grow. We devote our time and effort to perfecting our craft with a constant focus on quality and a drive towards beauty.

Established in 1997, our manufacture. is a modern enterprise specializing in the production of medical and hygiene products. Its main product lines include baby products (diapers and pull-up pants), adult care products (adult diapers, pull-up pants, nursingpads, and adult incontinence pads), women's personal care products (sanitary napkins and panty liners), pet products (pet diapers and pads), and household hygiene products (moist wipes and flushable toilet wipes). The company has been recognized as a "specialized, refined, unique, and new" enterprise, and its self-owned brand, "Casoft," has been awarded the title of "Well-known Trademark of Putian City" and named a "Famous Brand Product of Fujian."

Since 2018, second factory, Brand Sanitary Products, has been officially put into production in the Taihu Industrial Park in Putian City, with a 100,000-level dust-free workshop added to produce higher quality hygiene products. By 2023, Our manufacture will further expand its operations with the establishment of its third factory on approximately 120 mu of land. The company is committed to introducing high-end management talents and fully automatic international first-class production equipment to achieve the highest levels of product quality and provide high-quality baby, adult, and feminine hygiene products to customers worldwide.

Our hygiene factories is dedicated to market research and new product development, strengthening internal management, and treating its products as materialized representations of enterprise spirit. Adhering to the principle of being a high-end brand enterprise, the company insists on "quality first, reputation first," aligning with ISO9001 and ISO13485 international quality management system certifications to promote its products globally. Licheng Paper Industry sincerely welcomes cooperation with domestic and foreign peers, and is dedicated to providing consumers with better quality products and services.

We have over 20 advanced production lines for hygiene products and a modern dust-free workshop where strict adherence to national standards is maintained during the production process. Our team is focused on attention to detail and process management, with a professional spirit of meticulousness and continuous improvement infused into every step of the production process and every single product we make.

300,000  
Dust-free workshop

**Professional product laboratory,**  
complete quality monitoring system

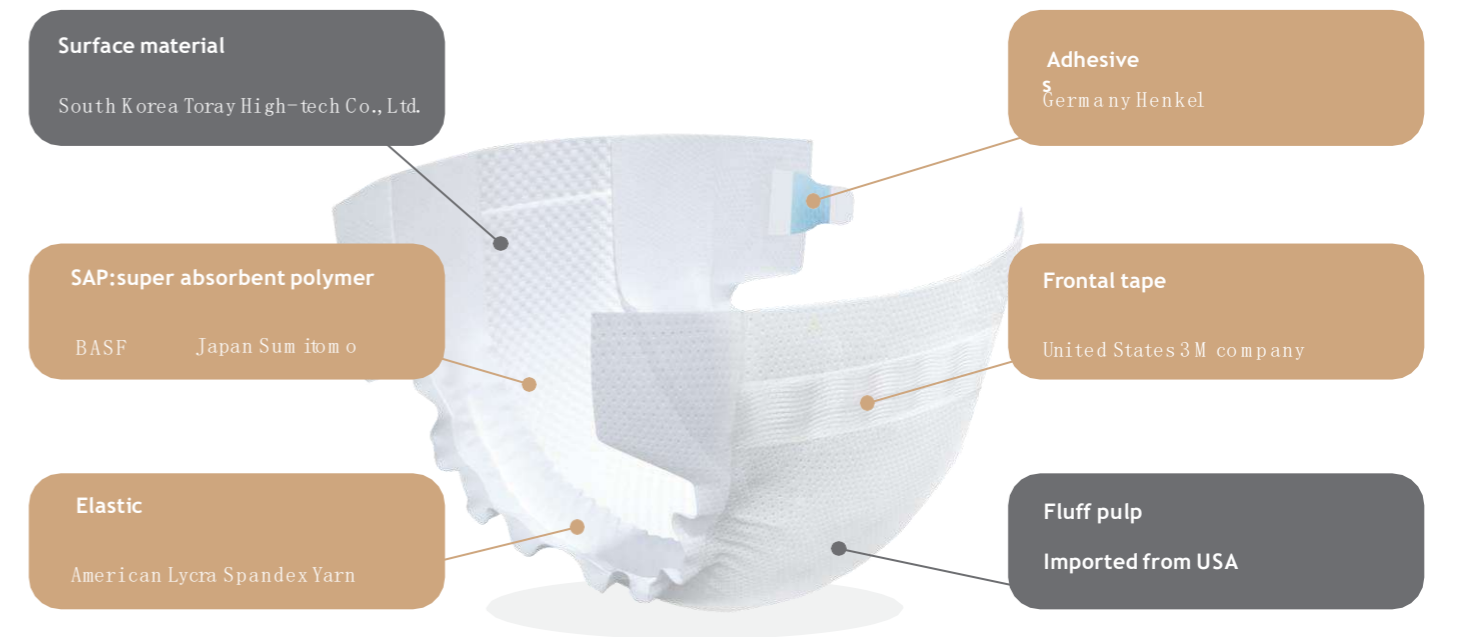

As a responsible hygiene product manufacturer with 25 years of experience, our mission is to provide consumers worldwide with the best possible experience in terms of product quality, functionality, and safety. We always adhere to technological and management innovation, continuously elevate product and service quality, and ensure delivery of diversified, high-quality, and reliable hygiene products to our customers.

Focus on hygiene field,  
innovation and creation

Cooperation with the world's top 500 raw  
material suppliers

Gather together the world's best materials and craftsmanship, crafted with in Genuity strictly select and build an international supply chain ecosystem, and maintain depth cooperation with the world's top-level raw material supply companies, including 3 M in the United States, Sumitomo in Japan, Lycra in the United States, Henkel in Germany, etc. to create high-quality products from the source.
